Turn Rockbox Round on
"Welcome", Rockbox Round says hello

Ca. 10 seconds after you turn Rockbox Round on
"Searching for Bluetooth devices. Ready to connect". The Rockbox Round can now be found by your Bluetooth device.

Connect to your Rockbox Round
"Rockbox is connected". Rockbox Round is now ready to play music.

Disconnect your Bluetooth device
"Rockbox is disconnected". Now you can connect another device to your Rockbox Round.

---

2. Fuel up (charging)

For best results, fully charge your Rockbox Round before use. If you cannot wait, use it while it´s charging and enjoy the music!

a. How to charge

Plug the Rockbox Round into an available USB port of your PC or Notebook with the supplied micro USB charging cable. While your Rockbox Round is charging, the LED light will be red.

b. How long to charge

A full charge takes around 20 minutes. For maximum battery performance, always use the supplied micro USB charging cable and disconnect when the LED turns off. This means charging is complete.

---

3. Connect to your Rockbox Round

a. Connect wirelessly via Bluetooth

Your Rockbox Round can wirelessly play your music from any Bluetooth device such as Smartphones, Tablets, MP3 players, notebooks and PCs.

Just follow the steps:

1. Prepare your Rockbox Round for pairing

Turn on your Rockbox Round by switching the On/Off button. You will hear "Welcome" followed by "Searching for Bluetooth devices. Ready to connect" ca. 30 seconds later.

2. Prepare your Bluetooth device for pairing by enabling Bluetooth

iPhone, iPod or iPad
1. Go to "Settings"
2. Go to "General"
3. Enable Bluetooth

Android phone or Tablet
1. Go to "Settings"
2. Go to "Bluetooth"
3. Enable Bluetooth

Mac OS X
1. Click the Bluetooth icon in the menu bar in the upper-right of your display
2. Turn Bluetooth on

Windows 7
1. Click the "Start button"
2. Click "Control Panel"
3. In the search box, type "Bluetooth"
4. Click "Change Bluetooth settings"
5. In the dialog box, click the "Options" tab
6. Select the check box for "Allow Bluetooth devices" to connect to this computer

Windows 8
1. Move the mouse to the lower right so that several icons begin to appear
2. Move the mouse upward to reveal them
3. Click "Settings"
4. Click "Change PC Settings"
5. Click "PC and devices"
6. Under Bluetooth, turn Bluetooth on

3. Pair your Bluetooth device with your Rockbox Round

iPhone, iPod or iPad
1. After you have turned Bluetooth on, a list of all the discoverable devices appears
2. Tap the Rockbox Round to connect to it
3. You will hear "Rockbox is connected" when the connection is successful

Android phone or Tablet
1. Click "Search for devices"
2. Tap the Rockbox Round to connect to it
3. You will hear "Rockbox is connected" when the connection is successful

Mac OS X
1. Click the Bluetooth icon in the menu bar in the upper-right of your display
2. Click "Set up Bluetooth Device"
3. Follow the instructions
4. You will hear "Rockbox is connected" when the connection is successful

Windows 7
1. Click the "Start button"
2. Click "Devices and Printers"
3. Click "Add a device"
4. Select the Rockbox Round from the list of Bluetooth devices and follow the instruction
5. You will hear "Rockbox is connected" when the connection is successful

Windows 8
1. Move the mouse to the lower right so that several icons begin to appear
2. Move the mouse upward to reveal them
3. Click "Settings"
4. Click "Change PC Settings"
5. Click "PC and devices"
6. Click "Bluetooth"
7. Select the Rockbox Round from the list of Bluetooth devices and follow the instruction
8. You will hear "Rockbox is connected" when the connection is successful

b) Connect via the audio cable

No Bluetooth? Your Rockbox Round also connects via 3.5mm stereo audio cable.

1. Take the supplied cable
2. Connect one end to your Rockbox Round
3. Connect the other end to any device with a headphone jack or audio output

4. Make some noise! Play music with your Rockbox Round

Music selected on your connected device will automatically play on your Rockbox Round. If you don't hear music, ensure you are connected and that the volume is turned up.

Control the music with your Bluetooth device
Use your connected device (Smartphone, Tablet, notebook, PC) to skip tracks, pause, turn the volume up and down.

Control the music using the buttons on the Rockbox Round
Check the button description under 1b to find out what you can do.

Note
While a device is connected to the speaker via the audio cable, it is not possible to connect a mobile device via Bluetooth simultaneously. To connect via Bluetooth the audio cable has to be unplugged first.

---

5. Hellos and how are yous. Calling with your Rockbox Round

When you are connected to your Rockbox Round via Bluetooth, calls received are automatically transferred to your Rockbox Round. The Rockbox Round will work as a speakerphone.

Taking calls
Use your connected Smartphone to answer calls. Alternatively have a look at 1b and use the buttons on the Rockbox Round to take, end or reject calls, activate voice calling or call back your last caller.

---

6. Troubleshooting

I hear some distortions. What do I do?
Lower the volume of the Rockbox Round on your phone. Also make sure it is charged up.

My Rockbox Round lost the Bluetooth connection. What do I do?
Move the Rockbox Round closer to your Bluetooth device.
Your Rockbox Round will automatically reconnect if you are in range.

I can´t pair my Bluetooth device with the Rockbox Round. What do I do?
We have tried to add explanations for as many devices as possible in this user guide.
However, every Bluetooth device is different. Please check the user guide for your specific device.

---

7. Other things you might want to know

Do I have to pair my Rockbox Round with my Bluetooth device every time I want to use it?
No, once paired with a device, Rockbox Round will automatically reconnect when powered on.
Of course, Bluetooth has to be enabled on your Bluetooth device as well.

My Bluetooth device is asking for a PIN or Password to connect to Rockbox Round. What do I do?
When asked for a Pin or Password enter 0000 and confirm.

Can I connect two Bluetooth devices at once?
No, it is not possible for two Bluetooth devices to be connected at once.

How can I get the best sound out of my Rockbox Round?
For best sound, make sure your Rockbox Round is resting on solid ground.
